

FAA Safety Team, ROC FSDO, ROC ATC, Runway Safety Office presents:

Northeast Flying Gotchas at Rochester WINGs 2012!

Flying in the Northeast is not like flying anywhere else in the country. For one thing, it's some of the busiest and complicated airspace anywhere. Here's your chance to chat with Jonathan "JJ" Greenway, President of Avemco Insurance Company and a 14,000 hour veteran as an airline captain, check airman and CFI in airplanes small and large. Since much of JJ's flying has been in the Northeast Corridor he has many tips and tricks to share with you for getting the routing you want and staying out of trouble with controllers and other aircraft. All the details at:
<http://www.RochesterWings.com>.

Directions: Take the NYS Thruway to Exit 46, proceed I-390N to Exit 17, turn right, proceed to 1295 Scottsville Road.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
